

Quality & Environmental Policy

The employees of HPS are dedicated to satisfying all of the requirements and compliance obligations of our interested parties.

Our integrated quality and environmental manual, defines the framework used to set our objectives.

The employees of HPS are acting to continually improve our management system, to enhance our overall performance by:

- Protecting the environment and preventing pollution;
- Eliminating non-conforming products and processes;
- Maintaining high customer satisfaction;
- Improving supplier performance.
